

Sunridge Field Trips

Sunridge field trips are educational, fun and affordable. We offer special lesson programs for all school classes, from Kindergarten through Grade 12. Our school group package includes:

- Qualified and professional ski and snowboard instructors.
- Varied terrain with 12 fun runs to choose from. We have the biggest Bunny Hill around which has two easy-to-use Carpet Lifts plus we have numerous runs for beginners and experts alike that are serviced by our Triple chairlift and our **NEW** Quad chairlift.
- A full line of high quality ski and snowboard rentals for all ages.
- A scenic chalet with a cedar panelled lounge from where you can supervise your students.
- One **FREE** supervisor lift ticket and equipment rentals for every 10 students.
- Great snow conditions with 100% snowmaking. All runs are groomed daily using our two state-of-the-art snow groomers.

2018 -2019 Field Trip Rates

Helmets are included with all equipment rental prices. **And if your field trip takes place between 3pm and 9pm, the price is \$2 less per student.**

Price per student (includes GST)	Off Peak (Nov.12 to Dec.14 and Jan. 7 to 11)	Regular (Dec.18 to 22 and Jan.14 to Mar. 29)
Lift ticket, lesson, ski rentals	\$33	\$36
Lift ticket, lesson, snowboard rentals	\$36	\$39
Lift ticket, lesson	\$24	\$27

What kind of skier are you?

Before coming to Sunridge, we need to know what kind of skier / snowboarder each student is and there are four categories to choose from:

- Discover Level** You have never ever skied or snowboarded before.
- Green Level** You have skied or snowboarded less than five times before. You prefer to remain on the Bunny Hills but you may have used the green (beginner) chairlift runs.
- Blue Level** You have skied or snowboarded at least 5 times before and are comfortable on both the Bunny Hill and on the green runs off of the chairlifts.
- Black Level** You are an intermediate or advanced skier/boarder. You are fairly confident on all lifts and runs, and have skied or snowboarded ten times or more.

Students in the **Discover** level will get their lesson as soon as they have received their equipment in the rental shop. Most students in the **Green** level will also get their lesson right away although some might get their lesson at a later time (usually at 11:30am). Students in the **Blue** and **Black** level normally have their lesson after the beginner lessons are complete which is also usually at 11:30am.

Rental equipment

For students that are renting skis or snowboards from us, we need to know each students' weight (lbs or kg) and their shoe size. The students can either memorize this information or it can be written on a sticky label (or even on their hands). Class lists with students weight and shoe size don't work as efficiently since students normally don't enter the rental shop in class order.

Once students have received their equipment (boots, skis or snowboards, and helmet), the students name and the inventory number of their equipment must be recorded by teachers / volunteers as each student exits the rental shop. Only the ski or snowboard number needs to be recorded. Our website has a form that may be used to record this information but you are also welcome to use your own class list or form. At the end of the day, we ask teachers and volunteers to be in the rental shop to assist students as they return their equipment.

What to expect when you arrive

A Sunridge field trip is a fun-filled day of skiing and snowboarding while learning a sport which can be an activity that can be enjoyed for life. To make the day go a little smoother, we've listed some of our procedures and activities to expect on the day of your field trip.

After the bus arrives, please come to the front entrance door where Sunridge staff will provide each student with a lift ticket and a "ziptie" to fix the ticket to a zipper. Students will be directed to a designated area in the chalet where they can leave their backpacks, etc.

Please wait in this area until you receive further direction.

Students will be given a brief safety talk and will then be organized into groups based on their abilities. When it is time, these groups will be brought to the rental shop to get their equipment. Even if students brought their own equipment, we ask that they stay in their groups and line up at the rental shop to get their lift ticket marked.

As students enter the rental shop, Sunridge staff will mark each lift ticket. For beginners, we write the name of their instructor on their lift ticket. For more advanced students, we write down their lesson time. For all students, we also mark which type of run they are permitted to ski or snowboard on. Beginners will start their class as soon as possible after receiving their equipment while more advanced skiers can free ski on their designated runs until

Booking your school

For more information on school field trips or to book your school with us, please give us a call at 780-449-6555 or contact us by email at schools@sunridgeskiarea.com. To make a booking, we need to know approximately how many students you will be bringing and what grades they are in. We will work with you to pick a date where we can accommodate your group size and that fits your schedule.

We believe that careful planning for your field trip along with timely communication between us will help ensure a

safe and fun filled learning experience for your students and supervisors. All of the information needed to help make your field trip a success is provided on our web site. We have information packages available for teachers, volunteers and students, and encourage you to review all the information provided.

Your booking is tentative and is subject to change until we receive your completed "Booking Confirmation" form either by fax at 780-467-5477 or by email. This form can be found on our website.

Then, at least one week prior to your first field trip date, we ask that you complete the "Student Information" form that also can be found on our website. This form details the exact number of students coming on the field trip, whether they are renting equipment or bringing their own, and their ability (never ever, beginner, intermediate or advanced).

Go SnowTubing

Take your class snowtubing! One hour and two hour time periods are available for snowtubing starting at 12noon. Just call or email us for more information about school tubing field trips.
